CT Plus™
5-STAGE
FILTER SYSTEM

Order No.
130522

CamAir CT Plus™

Order No.	Description
130522	CT Plus 5-stage compressed air treatment and drying center
130517	Filter element, water
130518	Filter element, coalescing
130504	DC30 desiccant cartridge

Worry free air filtration for top quality paint jobs

- First stage filter removes oil, water and dirt down to 40 microns
- Second stage coalescer removes oil vapors and dirt particles down to .01 microns
- CT30 desiccant tank repeats dirt and oil aerosol removal and removes humidity

75 CFM capacity at 100 PSI

Easy and economical maintenance

- Longer desiccant life
- Air inlet valve shuts off CT Plus™ air without having to shut off shop air
- No tools needed to change first and second stage filters
- Easy change-out desiccant cartridge bag

Ergonomic, self-relieving regulator

Complete compressed air treatment and drying center
